Quality designation: *D.O.C - C.M.D.*

Total acidity: *7,30 g/l*

Vinification details

This world-famous grape variety has originated from Bordeaux, France, but also found good conditions right here in the Dealu Mare region at Budureasca Vineyards. The year of 2018 was a good one for Sauvignon Blanc, offering just the right amount of sunlight and rain, as was needed to obtain very good and mature grapes, allowing us to create wines of superior quality.

Tasting notes

Greenish-yellow color, typical for this grape variety. Very nice aromas of tropical fruit, with elderflower notes. The taste is pleasant, of ripe gooseberries, with fresh acidity, sustaining a long and soft finish.

Food pairing suggestions

Great with dishes based on white meats, or with peas and corn risotto. Try it with roasted chicken thighs with coriander.

Serving temperature

This wine is best served at a temperature of 10-12°C.
